My aspiration is to be admitted to the Department of Sport and Physical Education of the Hong Kong Baptist University and become an outstanding sports coach in the future.

Rope skipping is my passion and it is an honour to become part of the Hong Kong team. I hope to combine my passion in rope skipping into my lifelong career. I found that what I learned from my coach and the experience I gained on the sports grounds, including teaching skills and character education, are invaluable and cannot be gained from books. I hope that I can provide a training venue for children with an interest in rope skipping, and share my skills on the sport and my thoughts on life with them. It is common for athletes to encounter obstacles during sports training. When I am faced with difficulties, I remind myself that I should keep a positive attitude and trust that nothing is impossible. I am aware of my academic weakness and am determined to show my sportsmanship in my preparation for the DSE exam next year.

My parents taught me at a young age to have a positive and optimistic attitude towards life. Whenever I am at a loss in my studies or rope skipping, my mother would say to me, "Have trust that you are on the right path. Do your best and be positive!" One has to be well prepared to achieve the ultimate goal. Although I do not think that DSE means everything, I have to admit that studying well for the exam is very important and is my primary goal right now. I hope to get into university with good grades, graduate and find a full-time job. At the same time, I will become a part-time rope skipping instructor. I hope I will be able to save up and establish a rope skipping club in Hong Kong, where I will devote my time as a full-time rope skipping coach and promote the sport. It is not an easy goal but I believe that with hard work and perseverance, nothing is impossible!

A.S. Watson Group has always been committed to giving back to the community. We have launched the Project LOL philanthropy programme to assist those in need through three main areas of service – Health, Education and Caring Community. We proudly support "Future Stars – Upward Mobility Scholarship" for three consecutive years to encourage students who demonstrate resilience in adversity and help them take their first stride towards success.

We are very pleased to know that the programme not only provided financial assistance to students, it also enabled them to feel the care and warmth from the community, and encouraged them to help those in need in the future. We see from the scholarship scheme how love can be passed from one to another, which encourages us to continue with the spirit of Project LOL to bring "Lots of Love" and "Lots of Laugh" to Hong Kong.

We have been striving to promote sporting culture in school and nurture local athletic talents through A.S. Watson Group Hong Kong Student Sports Awards and Watsons Athletic Club. We hope to inspire young people to be fearless in the pursuit of their dreams and get them ready for the challenges ahead. We wish that our students will continue to make contribution to Hong Kong, and spread love and positive spirit within our community.

When I was awarded with the "Upward Mobility Scholarship", my parents encouraged me to take part in a skating competition in Thailand. Unlike the Special Olympics in Vienna in February 2018, I did not participate as a member of the Special Olympics Hong Kong team this time. I won prizes in three competitions:

- 1st runner up in men's figure skating free skating second level;
- Championship in men's figure skating freely designated action second level; and
- 2nd runner up in men's speed skating.

My father would like me to gain more experience in international competitions as a preparation for my mid-term goal, which is the "2021 Special Olympics World Winter Games" in three years' time. As there were not many contestants of my age in the Thailand games, competition was not particularly fierce. I managed to finish a complete set without committing major mistakes or slipping, for which I am truly grateful. My confidence has improved, and I am really grateful to have accumulated experience and accomplished my short term goal through this competition. It was also a good opportunity for me to start my preparation early, as my parents and my coach are aware that it takes me quite some time to learn and master certain skating movements.

I am not sure how many more Special Olympics games I could join in the future, but I am certainly glad that I have my parents to walk with me and explore my life together. Sometimes when I encounter hardships, I would think that time passes too slowly. But when I look back, I realise that time has not grown longer but I certainly have grown up.

I am truly grateful for the award of the "Future Stars – Upward Mobility Scholarship" 2018 and the sponsorship of Bank of China (Hong Kong), which enables me to buy a smart phone. My new iPhone helps me improve my communication, social and self-learning skills.

At school, I use the reading and search functions in my iPhone to educate myself. I also use Siri to make calls, check the weather and help with my daily needs.

During the Orientation and Mobility lessons in school, I learn to use my iPhone to identify my location and call for help. This greatly helps with my integration into the community, broadens my social network and prepares me for adult life.

I am a member of the school percussion team. Applications on recording and musical instruments in my iPhone help with my practice and sharpening of my music skills.

I will make good use of my smart phone to acquire knowledge and apply them in my life and my future career.

Bank of China (Hong Kong) has been committed to its core value of "caring for society" and its corporate social responsibility by actively taking part in various charitable activities. The "Future

Stars - Upward Mobility Scholarship" programme encourages upward mobility among young people and rewards those who demonstrate resilience in times of adversity. The objectives of the scholarship programme are in line with the beliefs of Bank of China (Hong Kong), which pays special attention to poverty alleviation and youth education in Hong Kong. Over the years, we have been striving to create a better environment for youth development by supporting a variety of initiatives, including scholarship schemes of various higher education institutions and NGOs, youth sports programmes and competitions, as well as exchange programmes and internships on the Mainland of China and across Southeast Asia.

We hope that our student awardees will equip themselves and work hard towards their goals so that they can serve Hong Kong and our country better in the future. Let us stride forward together with our youths to create a better future for Hong Kong.

As one of the oldest and most established business associations in Hong Kong, the Chinese General Chamber of Commerce has been committed to promoting business development and encouraging our business to care for the community at the same time. We launched the “We Care · We Share Campaign” in 2009 to support the work of the Hong Kong Special Administrative Region Government and social welfare organisations. By doing so, we hope to convey the love of the business community and build a harmonious and inclusive society.

We have been supportive of the “Future Stars” programme since its launch by the Commission on Poverty in 2013, providing less privileged youths with better learning conditions through our donation towards “Upward Mobility Scholarship”. We hope that our student awardees can make good use of their opportunities, strive hard to move upwards and prepare themselves for a better future.

I have donated over 70 scholarships towards “Future Stars – Upward Mobility Scholarship” in the past four years. This may not be a lot, but as the saying goes, “The sand accumulates to form a pagoda”. I am glad to learn that the scholarship scheme has benefited 5 454 students to date. It certainly generates a great sense of positivity which is shared by beneficiaries and donors alike.

“Upward Mobility Scholarship” encourages student awardees to live a motivated life and enables them and their families to feel the care and warmth from the community. On the other hand, the generosity of donors brings a positive influence to their family and friends (especially the younger generation) and encourages them to help and care for those in need.

“Upward Mobility Scholarship” mobilises all walks of the community to play a part in cross-sectoral collaboration to nurture our youth and promote social harmony, which brings a lasting effect to our community.

首先，我很高興能獲得「明日之星－上游獎學金」的嘉許，並且十分感謝孔教學院的何德心先生作為獎學金贊助人。我知道何先生一直熱衷於中華文化的傳承，作為各區中小學的顧問，更在恆生管理學院設立「何德心」教室，可見何先生致力參與社會服務，對社會教育貢獻良多，十分感謝何先生的付出，並再次感謝何先生作為贊助人捐出金錢助我和同儕發展理想。

其次，在得到獎學金後，我可以進一步發展我的理想。我一直對攝影感有興趣，我拿到獎學金後，就可以購入攝影器材，去拍下更多美妙的時刻。我喜歡攝影正是因為它可以發現許多肉眼看不見的景象，讓我能更有趣地去探索這世界。所以，我十分欣喜這次能獲得「明日之星」的嘉許，讓我進一步發揮所長。

Education

Education is at the core of Confucianism, and Confucius is one of the greatest teachers of all times. His advocacy of teaching children to have an inquisitive and analytical mind and “leaving no child behind and cultivating them in accordance with their different talents” has been highly regarded by Chinese and Western education scholars for centuries.

Confucianism is one of the six major religions in Hong Kong. The Confucian Academy was founded by Dr. Chen Huan Zhang in Hong Kong in 1930 to promote Confucianism, nurture talents and undertake charitable efforts to benefit the community.

Education is a lifelong commitment. The development of our society hinges on the development of our students. We think that the “Future Stars – Upward Mobility Scholarship” is a very meaningful scholarship scheme as it supports students from less privileged backgrounds in their upward mobility. The Confucian Academy and our members have been donating dozens of scholarships each year to encourage our young students. We trust that they will put their scholarship into good use, work hard and contribute to our society in the future.

"A dream does not become reality through magic; it takes sweat, determination and hard work". This is a quote from Colin Powell which always reminds me of the importance of striving hard to pursue my dream of studying dentistry at university.

In retrospect, this idea popped up my mind when I first visited the Faculty of Dentistry in Form Four. I was totally stunned by the close bonding among the students, the supportive atmosphere and the appealing nature of the curriculum. Since then, I have kept plugging away at my studies in the hope of moving one step closer to achieving my goal. Honestly, I am not a blessed student with the best academic results, yet I am always a highly motivated girl striving for the best in my life. With the help of your generous support, I could definitely go further on my long journey to being a dentist. I would use the scholarship to improve my academic results by attending tutorial classes and buying reference books so as to boost my language standard, especially for the English Language. Not only does my English ability affect the chance of my getting admitted to the programme, it also greatly affects my communication skills with others in the future. Therefore, I would make use of the scholarship to improve my language ability.

Knowing that your generous help is not taken for granted, I would like to express my heartfelt gratitude once again. If I become a dentist in the future, it is my sincere hope to spread your generosity and kindness to others through offering free dental services to the underprivileged. And knowing that dental services in Hong Kong may be quite unaffordable for many people, I hope that I will be able to make changes in society with my expertise. Your generous support does not simply grant me the financial help that I need, but it also strengthens my belief of becoming a dentist.

In conclusion, it is my aspiration to become a dentist in the future. It is undoubtedly a tough task, yet I truly believe that with your generous support, I will continue to work hard towards achieving my dream.

**Mr. Fok Kai Kong, Kenneth

The Chief Executive of the Hong Kong Special Administrative Region used the phrase "rekindle hope" as the theme for her most recent Policy Address. Central to this theme is being able to keep the dreams and hopes of our young generation alive. This is why the "Future Stars – Upward Mobility Scholarship" is such a meaningful programme, and I am happy to be part of this family.

My awardee spoke about her dream of being a dentist. I admire her determination and motivation. "I am not a blessed student with the best academic results", she said, but she "kept plugging away at my studies in the hope of moving one step closer to achieving my goals".

I hope she can serve as a role model for her peers as she embodies the spirit of Hong Kong - determined, motivated, not taking opportunities for granted but most importantly, kind and caring to others.

I wish her and all the awardees all the best for their bright future. No matter how insignificant, I am happy to have contributed to building their dreams.

The Glorious Sun Group cares very much about youth development. As early as the 1990s, we have set up award schemes to commend improvements in youngsters in juvenile homes and to steer them towards the right path.

We have also set up award schemes in some schools in the Mainland of China to encourage students to adopt the attitude of "One Heart and Three Willingness" (have a responsible heart and the willingness to bear loss, persevere and learn), and implement "Three Good and Three Kind Deeds" (have a good heart, say good words and do good deeds at home, at school and within the community), which create a positive influence.

We wish that our "Future Stars" can adopt the attitude of "One Heart and Three Willingness", and trust that they will become "Stars of Hong Kong" to promote the development of our society.

Your donation serves as a great support and encouragement and helps me achieve my dream.

I grew up in an ordinary family where we don't have extra money to pursue our goals. I have been very interested in computing since I was at a young age. With this scholarship, I will enrol in web design courses to understand and master the knowledge of webpage coding. When I have acquired the knowledge, I will put it into good use by setting up a website for my school alumni. The website will incorporate message boards, forums and chatrooms etc. so that our alumni can get together again through the website to maintain communication and share their life experiences. I will also share my knowledge in website building by including a section on how to build a website and the resources and techniques required.

我是東華三院徐展堂學校中六級學生徐曉筠，我感到很榮幸能夠獲2018年度「明日之星-上游獎學金」。一直以來，我希望能夠有機會參加不同類型的課外活動，因為覺得很有趣又能夠充實自己，但父母及姊姊一直工作忙碌加上家庭收入有限，未能為我安排。直至社工推薦下，我能夠獲得由香港中國企業協會所贊助的明日之星-上游獎學金，家人便替我報名參加打鼓班及畫畫班，亦為我添置運動服式，以便我參加課餘活動。稍後，我會繼續參與更多類型的活動，令自己衝破障礙，活出燦爛的人生。最後再一次感謝香港中國企業協會，能夠贊助我，我會繼續努力，不會辜負大家對我的期望。謝謝！

My ambition is relatively simple. It is to repay and serve the society. In the near future, I want to be appointed as a police inspector, as it is my childhood dream to become a police officer and give full service to the community. Another advantage of me being a police officer is that I can also help the public and the government cope with the situation of ethnic minorities. Since I am from Pakistan and I can speak various languages, such as Cantonese, English and especially Urdu, which is the main means of communication between the ethnic minorities, I can easily communicate with them and help them cope and live in the unfamiliar environment. Plus, if I can really realise my dream of being an inspector, I can potentially be an inspiration to the ethnic minorities that they can still be successful despite living in an unfamiliar community!

Even under unsatisfactory family conditions, I am always trying my very best to achieve all my targets. It is because I know the struggles I go through today will be the triumph I earn tomorrow. I can only grow as a person if I face challenges throughout my life. Without them, I would be weak. If something hard comes into my life, I would not have the strength to overcome it. In the long term, struggle is my close friend. The qualities one develops through hardship and struggles are astonishing. Sometimes I feel really down witnessing the financial condition of my family, but then I try to use this adversity as my strength. I see it as a motivation to push me forward. Actually, life is never supposed to be easy. If it were, everyone would succeed. After all, nobody wants to hear the stories of the people who were born to have everything. Instead, everyone wants to hear the stories of the people who have endured much pain and converted their struggles into triumph. The wolf on the hill is never as hungry as the wolf climbing the hill. So I will keep climbing!

我很高興能獲得2018年的「四日」自-上游獎學金，我很感謝中出慈善基金會舉辦這個活動，這些資金對我在很多方面有很大幫助。

由於我家境清貧，可以說每一元都很重要，在學業上有許多重要因素，但本人資金不足不能購買只能借取同學的書本來閱讀，但由於貴機構贊助的資金，本人可以購買學習上所需的書本，提高本人的知識。另一方面，由於本人家境清貧不但在學習上亦在家庭上有所帶壓力，例如生活費、日常用品，本人早上上學大多會選擇走路，走多達1小時20分鐘的路程，回到學校已是身心俱疲，但多謝貴機構的資助本人可以省下1小時的時間去學習，令我最近的成績有所提升，感謝貴機構贊助，改善我以往的生活，感謝中出慈善基金會。

我十分感謝澳門皇都酒店贊助我的上游獎學金，在申請獎學金之前，都希望能夠得到上游獎學金來作為酒店及旅遊業管理的課程，參加有關酒店的課程的費用或購買關於在酒店裏工作的分享的書本等等，令我可以在酒店行業上有更加認識和了解。我有一部份獎學金作為儲蓄來課程的費用在酒店方面，另一部分是購買書本來瞭解酒店行業內的不同部門內工作經驗和運作。

現在獲獎學金是我完全沒有想過，是意料之外，因為今年是第一次獲獎，所以感到非常榮幸獲得上游獎學金。獲得獎學金令我對未來的夢想有所信心，酒店的高尚行業是需要花費時間好好裝備自己，例如需要學習在語文的基礎，如英語及其他國家的語言，學習與人相處來應付不同客人要求，而且滿足該要求，令我到我的夢想被人認同。再次感謝獎學金贊助人澳門皇都酒店。

I am really happy to be awarded the "Upward Mobility Scholarship". It is a big encouragement to be recognised.

I would like to use the scholarship to purchase books, in particular books on dinosaurs as I take a great interest in them. I am also keen on cooking and have taken part in the "My Kitchen" cooking competitions several times in the past, from which I acquired skills in cooking and housework. I would like to use the scholarship to attend cooking classes to enrich my cooking experience, improve myself and be of assistance to my family in return for their kindness.

Last but not least, I would like to express my gratitude towards LH Group Limited for their sponsorship. I would also like to thank my family and teachers for their trust in me and for nurturing me. Without your support and your giving me the opportunity, I may not be able to discover my own strengths and gain this honour. I will work hard to further develop myself in areas that I am interested in and good at. Thank you!

It would be a pity if young people can't pursue their dreams simply because of the lack of funds. Last year, after the ceremony, one of the awarded students ran into me on the street. He said, "Mr. Wong, I remembered you from the ceremony! Thanks to the scholarship from your company, I was able to gather enough money to purchase materials for a robot designing competition in the United States!" By helping these young dreamers achieve their goals, my dreams are also fulfilled. I should thank all of you too.

Thank you for your generosity for sponsoring me in Upward Mobility Scholarship, without which I would not have the chance to work on my ambition. The scholarship will enable me to enhance my tools for design, such as a multifunctional sewing machine, mannequin, sewing tools etc.

I have been designing clothes in the past four years as a student, but rather than buying a bunch of brand new fabric in store, I have decided to upcycle old clothing from my friends, family and myself, and hope to reduce textile waste. A new survey found that Hong Kong citizens toss out 340 tons of clothing waste on average every single day. My goal is to raise the awareness of clothing waste by transforming old clothing into something new.

My gratitude knows no bounds for guiding me and allowing me to focus on my goal without being distracted by financial issues and other worries. Once again, thank you from the bottom of my heart.

Through this short essay, I would like to convey my sincere gratitude to my Upward Mobility Scholarship sponsor, The Real Estate Developers ^{Asso. of HK}, and please allow me to express my thoughts and reflections on receiving this honoured scholarship.

Ever since I was small, I have harboured an intense desire to learn more about our houses, our schools, libraries, ^{offices} and the structures that we live in, pass by, ^{and} go through everyday.

Architecture is a type of design that directly affects our communities, and is a discipline that requires the architect to relate and learn about the needs ^{of} the community, to which they design and construct a building that becomes a part of the community.

When I heard from teacher that I had received the scholarship, I was overfilled with joy. I hope to spend the scholarship smartly on CAD (Computer-aided design) software to visualise my creations, indispensable supplies such as tracing paper and rulers, and architecture books to extend my knowledge. Thank you, The Real Estate Developers Asso. ^{of HK,} as you have brought me one step closer to my dream.

首先,再次感謝我的獎學金贊助人鄧壽先生對我提供的援助,讓我能有機會實現自己的理想。

自加入我校的機械人研發隊後,儘管能有較多的機會到各地參加比賽,但同時仍為我的家庭經濟帶來一定的負擔。參與不同的比賽及交流會毫無疑問地能從各地的科研愛好者、工作者身上累積到很難得的寶貴經驗,但同時亦不得不為日漸年邁的父母作考慮,盡可能地縮減每次出行的費用。

故此,我十分感恩我的贊助人以及上游獎學金的設立,幫助我在實現自己夢想的同時,減輕了對我家庭帶來的負擔。在準備近期的 SciTech Challenge 2018 - Home Care 比賽裏,我運用了這筆獎學金購買了一些相關的醫學機械以及編程書籍,同時亦參加了一些編程課程,希望能為我的夢想邁進一小步,努力報答父母以及為我提供過幫助的人。
